**HISTORY/FACTS/ISSUES:**

Previously, the annual traffic count effort was accomplished by Road and Bridge in-house staff. However current staffing levels in conjunction with construction inspection demands on the Road and Bridge engineering staff necessitates that this activity to be contracted out annually. As a result, Road and Bridge requested a proposal from Wade Trim, Inc., to perform the 2010 annual (countywide) traffic counts on all collector roadways.

Attached for Board review is Work Order #15, for this annual effort in the amount \$46,537.00. This amount will cover the field counts, update of the spreadsheet provided to the consultant by Road and Bridge along with the supplemental data outlined to be provided in the scope of work..

It should be noted that The Villages as part of resolution 2009-14 will be contributing \$15,000 to this effort.
